HISTORY

The You Saved Me Foundation was founded by Marcus Belgrove, a single father, artist, and entrepreneur, born in Philadelphia, Pennsylvania. The Foundation is dedicated to the legacy and memory of his late mother Francine Hart. Francine Hart was an American Activist, Educator, Entrepreneur, Mother, and Community Advocate. This idea to honor his mother's legacy would soon become a viable nonprofit organization serving San Diego County. Picking up where his mother left off in empowering the most vulnerable of society.

Our Priority is Equity

We find many individuals and families we encounter have been left out by government safety nets and society continues to ignore and fail those living unsheltered on the streets or in the wooded area. That is why we reinstate compassion, dignity, and respect when we serve with our hearts. The You Saved Me Foundation was founded in 2019, to help as many people as possible to expand the middle class and to escape poverty. Empowering them with opportunities and resources for success and while helping to identify paths towards stability and upward mobility. We help lift communities and a few burdens in the process with our Programs.
